This letter from the US Department of Energy gives the precise information about Canadian plutonium sold to the Americans for bombs: www.ccnr.org/DOE.html

These excerpts from the wonderful authorized history of Britain's nuclear program by Margaret Gowing provide information about Canada's role in the UK nuclear weapons program: www.ccnr.org/canada_britain.html

This abbreviated history by me gives information about Canada's deadly deceit in fuelling the nuclear arms race and lying about it by AECL officials:
www.ccnr.org/myth_1.html

This more discursive history by me gives information about how the British approached Canada before the US got involved:
www.ccnr.org/Chapter_One.pdf and www.ccnr.org/Chapter_Two.pdf

Here is an interesting timeline for the significant events from my Canadian point of view: www.ccnr.org/chronology.html
